Powerful, Penetrating Antiseptic Oil

Heals Eczema and Other Skin Diseases

Must Give Results in 7 Days or Money Back

Make up your mind today that you are going to give your skin a real chance to get well.

Take a lot of other cures, you probably have, but you know that the only cure of them are very good but in the majority of cases they only make the skin worse and the condition permanently remains the same.

So to say good-bye to your skin and get an original bottle of Moore's Remedy.

The very first application will give you relief and a few short treatments will thoroughly convince you that by allowing Mother's Remedy Oil to do its work you are not making a thing of it.

Remember that Mother's Remedy Oil is a clean, powerful, penetrating antiseptic. It is not a skin or hair or body cream, and that it must give you relief in seven days or your money cheerfully refunded.

RENOVATION

Communities looking about at this time of year for ways of expressing civic pride can find better vehicle than a clean-up, paint-up, garden or tree-planting campaign.

Thus the present, there is no time of the year when a community can look drier and more unimproved or cleaner and more undisturbed, winter's accumulation of dirt and debris hides all that is clean and fresh. Washed off and carted off to reveal a panorama like the worse for the wear and tear of the right month.

Every property owner, householder and business man should show an evergreening duty in the spring of the year to make his buildings and grounds fit into nature's picture of cleanliness and freshness.

And the performance of this civic duty costs little in time, expense and effort.

It is the little thing that counts. A very small amount of paint; a couple of paint cans "make" a house. Undesirable neighborhoods are known by the can they keep, derelict ones not kept away by their keep. Nothing better tells the character of a community and its people than the state of its public places.

So the town one wants to live in is looking around these days in clearing away the wreckage left by winter, covering the ice with a shining Trail Highway from Edmonton to Peace River. The Highway will be ready for general traffic by the end of May. It will be the winter, covering the ice with a shining Trail Highway from Edmonton to Peace River. Monday, June 18. She will deliver her popular lecture, entitled "Remembrance of Every Day Life."

Seeding conditions in the district during the past week have been very satisfactory, and much progress has been made. The weather has been ideal, and it is expected that within the next few days all wheat and a considerable portion of coarse grains will be sown.

L. J. Speelman, who has been residing at Cochrane and Edmonton during the past several months, is visiting his son and daughter-in-law, Mr. and Mrs. Roy Speelman. Everyone will be pleased to know that Mr. Speelman is now much improved in health.

The May meeting of the Delia Women's Institute will be held on Wednesday, May 23, instead of May 30, owing to the Annual Provincial Convention being held in Calgary the last week in May. Mrs. J. M. Speelman, President of the Delia Women's Institute, will be the speaker.

Delia Baseball Club will play Eugene's team tomorrow evening. There will be a game in the Empire Theatre after the game, followed by a dance. Everyone should turn out and assist the boys. The proceeds will go towards defraying the cost of their recently acquired new uniforms, and the expense of the trip to the province. We hope to see a number of fans at either end of the opposition team "on deck" boosting good and loud as well.

Geo. Harding of the Hanna district, has recently moved to High Prairie, at the west end of Lesser Slave Lake. He is a well-known trader, where he has purchased a heavy and draying business. The town of High Prairie is the winter, covering the ice with a shining Trail Highway from Edmonton to Peace River. The Highway will be ready for general traffic by the end of May.
